Informational items

- On March 8, 2021, the MAC was solicited by email ballot to vote on the request to write submitted by Dr. Sunidhi Mehta (WVU) and titled NE_TEMP2105: *Motivations for Growing Industrial Hemp: Farmers, Producers, Processors, Manufacturers, Retailers, Consumers, Citizens, and Policymakers*. By March 17, 2021, the MAC voted 4-approve, 0-reject, 0-abstain. Rick Rhodes will contact Dr. Mehta, Principal Investigator, and Matt Wilson, Administrative Advisor and indicate a 'greenlight' on crafting a full proposal. Rick will also advise the writing team to clearly indicate in the proposal how the project is complementary to and uniquely different from S1084 *Industrial Hemp Production, Processing, and Marketing in the U.S.*
